**October is Cybersecurity Awareness Month!**

Cybersecurity Awareness Month was launched by the National Cyber Security Alliance (NCSA) and the U.S. Department of Homeland Security (DHS) in October 2004 as a broad effort to help all Americans stay safer and more secure online. Learn how to protect yourself, your family and your devices with these tips and resources.

**Don’t Let These Scary Cyber Safety Risks Creep Up On You!**

Watch out for these spooky dangers lurking in the corners of our everyday digital lives.

They’re here. Scary scammers can get to you right through that small screen in your hand – your smartphone. Consumers tend to be less wary in social media channels and scammers are taking shocking advantage of that fact.

A scam report based on Better Business Bureau Scam Tracker data shows that of consumers who said they were exposed to a scam on social media, a whopping 91% engaged with the scammer and 53% of them lost money.

**Attorney General Phil Weiser: Automatic renewals can blindside Colorado consumers**

Consumers are rightly concerned that some businesses use a range of tactics to take their hard-earned dollars through a shell game where they are stuck with charges for a service they did not know they signed up for. Hidden fees, automatic renewals, and extra charges in the fine print hurt consumers and undermine trust. By contrast, responsible companies who ask — “are you still using our service and is it performing as you expected?”— build trust and treat consumers fairly.
