a. Compliance with State and Federal Laws

28. Defendant shall comply with the Consumer Protection Acts, the Personal Information Protection Acts, and the HIPAA Privacy and Security Rules, to the extent they each are applicable to the Defendant, in connection with its collection, maintenance, and safeguarding of Personal Information and Protected Health Information from any future breach of security involving the unauthorized disclosure of PI or PHI. As part of compliance with the Consumer Protection Acts, the Defendant shall not make any misrepresentations to consumers or to Covered Entities about the extent to which the Defendant can maintain the privacy and security of PI or PHI.

b. Information Security Program

29. To the extent that Defendant or its Principals currently or in the future manage or have principal responsibility or oversight for data security or privacy compliance in a business or have a controlling or managing interest in a business which collects or maintains Personal Information or Protected Health Information,

they shall within sixty (60) days of the effective date develop, implement, and maintain a written information security program (“Information Security Program” or “Program”) that is reasonably designed to protect the security, integrity, and confidentiality of PI and PHI that they collect, store, transmit, and/or maintain. At a minimum, the Program shall include the information security requirements in Paragraphs 30 through 33 below.

30. The Program must be documented, in writing, and must contain administrative, technical, and physical safeguards appropriate to (i) the size and complexity of the business; and (ii) the sensitivity of the PI and PHI that Defendant collects, stores, transmits, and/or maintains.

31. The Program shall permit users access to PI and PHI only to the extent necessary for each user to perform job functions and assignments.

32. The Program shall require the employment of a person who will serve the function of a Chief Information Security Officer (CISO) with responsibility to implement, maintain, and monitor the Program. The CISO shall have appropriate training, expertise, and experience in the field of information security to oversee the Program and further, will be charged with regular and direct reporting to the Chief Executive Officer regarding the status of the Program, the security risks faced, resources required for implementation of the Program, and the security implications of Defendant’s business decisions. At a minimum, the CISO shall provide a written report to the Board or Chief Executive Officer and Chief Financial Officer on a quarterly basis.

33. The Program shall include a documented written incident response plan

to prepare for and respond to any future Security Events. At a minimum, this plan shall provide for the following phases of a response: Preparation; Detection and Analysis; Containment; Notification and Coordination with Law Enforcement and Regulators; Recovery; Consumer Notification and Remediation; and Post-Incident Analysis.

c. Information Security Program Assessment

34. Within one hundred twenty (120) days of the Effective Date and annually for seven (7) years thereafter, with respect to any business which Defendant owns, has a controlling interest in, manages, or controls, Defendant shall obtain an annual assessment of its Program pertaining to the collection, storage, maintenance, transmission, and disposal of PI and PHI from a Third-Party Assessor.

35. The Third-Party Assessor shall prepare a report of findings (“Report”) and such report must include an assessment of Defendant’s compliance with each of the requirements of this Judgment; an assessment of Defendant’s response to any Security Events which may have occurred since the Effective Date; and documentation of the basis of the Report.

36. Each report shall be provided to the Connecticut Attorney General no later than fifteen (15) days after its completion. The Attorney General’s office shall, to the extent permitted by state law, treat each report as exempt from disclosure as applicable under the relevant public records laws of its state, provided that the Attorney General may provide a copy of each report to any of the Participating States which request the report. Each participating State requesting the report shall, to the extent permitted by its State’s law, treat such report and letter as exempt from

disclosure as applicable under the relevant public records laws of the requesting State.

E. COOPERATION WITH ATTORNEY GENERAL

37. **IT IS FURTHER ORDERED** that Defendant shall cooperate in good faith with the Plaintiff in connection with any other investigation or litigation related to or associated with the Data Breach described in Plaintiff's Complaint. More specifically, Defendant and its Principals' cooperation shall include, but not be limited to, the following:

- a. Responding to all reasonable inquiries for information from the State;
- b. Providing documents and other materials, including records and other tangible evidence reasonably requested by the States, including documents which Defendant was ordered to produce to MDL Parties pursuant to the order entered on June 17, 2020 in the Bankruptcy Proceeding (*Order Granting Joint Motion and Determining, On Conditions Set Forth Herein, That the Automatic Stay Does Not Prevent Service Of Third Party Subpoenas On The Debtor*).
- c. Providing the State with access to the Servers including access so that these can be imaged at the expense of the States and at a date and time agreed to by the Parties;
- d. Providing truthful declarations, affidavits, certification, and written testimony that may be reasonably requested by the State;
- e. Appearing, or causing its Principals to appear, and provide truthful testimony in interviews by telephone or video conferencing including at any trial,

deposition, or other proceeding, without the service of a subpoena, as may be reasonably requested by the Attorney General's Office and at the expense of the Attorney General's office; and

f. Making a good faith effort to cause or otherwise facilitate its Chief Oversight Officer, employees, representative or agents to similarly appear and provide testimony including by providing the State with contact information (e.g. address, email address and cell phone number) of such employees, representatives or agents.

38. For the avoidance of doubt, Defendant's obligation agreed to in the preceding paragraph is intended to incorporate the requirements of the June 17th Order such that:

a. Defendant shall promptly produce to the States copies of all electronically stored information and all hard copy documents in repositories, in each case in its possession that may contain documents or information responsive to the Subpoenas issued by the MDL parties as identified in the June 17th Order. Provided, however, that this paragraph requires Defendant to produce only such documents and information as Defendant produced to the MDL Parties and that production to the Participating States will be coordinated with the States of Indiana, Connecticut and Texas which, in accordance with their respective state laws and procedures, will make the documents available to other states. In the event that a single production to the States will require Defendant to incur costs in excess of \$1,000.00 or that the total costs of all production pursuant to this paragraph require Defendant to incur costs in excess of \$ 2,500.00, Defendant will provide notice of such to the States of

Indiana, Connecticut and Texas prior to incurring such. Defendant and these State agree to confer regarding mutually acceptable options to reduce or eliminate such costs for the Defendant, including, but not limited to, modifying the production request, finding alternative means of production, and/or the States bearing such costs. If Defendant and these States are unable to agree regarding a mutually acceptable means to reduce or eliminate such cost, the Participating States shall not deem Defendant's failure to produce a failure to cooperate as required by this Section.

b. Defendant shall preserve all repositories that may contain documents responsive to the Subpoenas.

c. Further, this specific production shall be deemed a supplementary response to the Civil Investigative Demand (CID) issued to the Defendant by the State of Indiana on June 10, 2019 subject to the relevant state law including the confidentiality protections of that state and any disputes which may arise regarding compliance with the CID or the rights and obligations of the Parties shall be determined by the appropriate state court of the issuing state consistent with the terms of this Agreed Final Judgment.

39. Defendant shall maintain the Servers in a secure manner at the locations disclosed in Defendant's supplemental CID response of August 2020. In the event that Defendant intends to relocate the Servers from locations reported in that response, Defendant shall provide notice of that proposed relocation to the Attorneys General of Indiana, Connecticut, and Texas at least ten (10) business days prior to that relocation. In the event that Defendant loses ownership, leasehold, or control of

such location or that the Servers are damaged, destroyed or compromised, Defendant shall provide notice and details promptly to the Attorneys General of Indiana, Connecticut, and Texas.

40. Defendant shall securely maintain all documents, reports, and records containing information or data evidencing and related to the Data Breach including data which reflects:

a. the names and related or associated information of all consumers whose information was compromised in the Data Breach (Consumer Information);

b. the policies and procedures related to any aspect of Defendant's information security program as it existed prior to the date of the Data Breach;

c. logs, internal, and external communications related to data security issues or concerns including communications with or regarding the Covered Entities on whose behalf Defendant engaged in debt collection activities; and

d. any audits performed by Covered Entities and communications to and from Covered Entities regarding the Data Breach or relating to data security.

41. **IT IS FURTHER ORDERED** that Defendant shall notify Plaintiff at least thirty (30) days prior to any change in the corporation that may affect compliance obligations arising under this Judgment, including, but not limited to: a dissolution, assignment, sale, merger, or other action that would result in the emergence of a successor corporation; the creation or dissolution of a subsidiary, parent, or affiliate that engages in any acts or practices subject to this Judgment; the proposed filing of a bankruptcy petition; or a change in the corporate name or

address.

E. RELEASE

42. Plaintiff hereby releases Defendant and its Principals in their capacities as officers, directors, or employees of Defendant from any and all civil claims that the Attorney General could have brought that are related to and/or arising from the Data Breach, including but not limited to, any claims under the Consumer Protection Act, Personal Information Protection Act, and HIPAA. Nothing contained in this paragraph shall be construed to limit the ability of the Attorney General to enforce the obligations that Defendant, its officers, subsidiaries, affiliates, agents, representatives, employees, successors, and assigns have under this Judgment.

43. Notwithstanding any term of this Judgment, any and all of the following forms of liability are specifically reserved and excluded from the Released Claims:

d. If this suspension is lifted, the Judgment amount becomes immediately due and payable to Plaintiff.
