I am pleased to announce that we are seeking entry-level attorneys for our Fellowship Program starting in November 2026.

We established the Fellowship Program to provide opportunities for new attorneys to gain practical experience in the public sector while enjoying the personal satisfaction of serving the residents of Colorado and our many state agency clients. Our work at the Colorado Attorney General's Office encompasses criminal prosecution, consumer protection, civil rights, torts, contracts, eminent domain, administrative law, tax, environmental law, violence prevention programs, public health, school safety, energy and much more.

The Colorado Attorney General's Office is committed to mentoring and ensuring a high quality experience.

I invite you to apply for a Fellowship position to begin November 2026 and join our talented and dedicated staff.

Sincerely,

Phil Weiser, Colorado Attorney General

ABOUT THE PROGRAM

Our Fellowship Program seeks applicants who have varied experiences and whose backgrounds can bring a unique perspective to the work we do at the Department of Law.

Litigation & General Counsel Fellows are assigned to specific sections within the Department and receive exposure to a broad range of subject matters. These sections are: Revenue and Regulatory Law, Civil Litigation & Employment Law, and State Services. In addition to Litigation & General Counsel Fellowships, positions are also offered for dedicated Fellowships — Justice Gregory Hobbs, Jr. Fellowship (Natural Resources and Environment), Cybersecurity Fellowship, Consumer Protection Fellowship, and Ralph L. Carr Appellate Fellowship. The goal of the Program is to give Fellows exposure to a variety of work within their sections or dedicated Fellowship, and allow them opportunities to contribute to the Department of Law as an enterprise.

Fellows develop their legal skills by engaging in substantive work under the mentorship of practicing attorneys. Fellows' experiences are different and tailored to each Fellow's particular interests and skills, allowing them to develop proficiency in particular practice areas. Fellows may assist attorneys in providing client advice and participating in client meetings, drafting agreements and other legal documents, preparing pleadings, and participating in depositions, hearings, or trials.

COMMENT FROM A FORMER AG FELLOW

I will always look back on the decision to pursue a Fellowship at the Attorney General's Office as one of the best career choices I have ever made. I am grateful to have had the opportunity to do such meaningful work right out of law school. Working with the Consumer Protection Section, I investigated potential legal violations and developed legal theories, took depositions, represented the office in working groups of attorneys from other states, and generally did most of the things that a staff attorney in the Section does. I worked on some of our biggest cases, collaborating with dozens of states on major nationwide enforcement actions I also took the lead on pursuing smaller investigations and projects. Throughout all of this, I always had the support and mentorship I needed, thanks to the amazing people I worked with and the thought and care that the office puts into the Fellowship program. The Fellowship program is a fantastic opportunity and I would highly recommend it.

Conor May

Fellow, 2021-2022

ABOUT THE PROGRAM

Over the course of the year, Fellows assume considerable responsibility for their work.

Fellows also participate in the Colorado Trial Advocacy Certificate program, our newly formed General Counsel Academy, and take substantive law and professionalism CLEs throughout their Fellowship, in addition to making meaningful mentorship connections.

Our goal is for Fellows to finish our program with strong legal skillsets and be competitive in the legal market. Many of our alumni have gone on to work in areas of law throughout the legal community. And, some of our Fellows have been hired permanently by the Department of Law – which is a huge gain for us!

ELIGIBLE CANDIDATES

The Colorado Attorney General's Office seeks applications for its Fellowship Program from applicants that are intellectually curious, passionate about public service, and excited to delve into the work. We encourage applications from:

The annual salary is \$65,000 plus medical/dental benefits.
